

Madison County Public Health

Jacqueline Howard BSN, RN
Madison County Public Health Nurse Administrator

February 25, 2010

Courthouse at Winterset
Madison County, Iowa
Built in 1876 of native limestone.

To all Madison County Parents,

In December we had sent home a letter stating that we would not be doing school based clinics for the H1N1 vaccine. But due to the increase in vaccine sent to the county we have decided to go ahead with these clinics.

We would like you to fill out the attached form and return it to your school nurse by Wednesday March 3, 2010. This will give us an estimated count of those wanting the vaccine. Please fill out the form on the back side of this letter and return regardless if you want your child to have the vaccine or not. There is a space on the form to refuse the injection.

For children in 4th grade and under we will have available the “flu-mist”. This will be for all healthy children without any underlying medical conditions. Also if you do not want to have the mist you have the option of the shot for your children. For the older kids, if there is extra mist available, and it is ok for your child to have it rather than a shot please make a note of that on the sheet.

All children 9 and under will have to have a 2nd dose in approximately 30 days, this one consent will include the 2nd dose. Please indicate on the form whether or not your child has had 1 or 2 doses already.

Currently we have set up Winterset School for March 4, 2010, for all Elementary and Middle School and March 5, 2010 for Jr. and Sr. High School Kids. We have also scheduled a snow date of March 12, 2010 for both schools if needed. We will be working closely with the school nurse for this clinic. All children needing a second dose will receive it on April 9, 2010.

The 2009-2010 Vaccine Information Statement for the 2009 H1N1 influenza vaccine is posted under H1N1 information at madisoncoia.us or you can call this office and we can mail you one.

Thank You
